Cement Based Composites
Materials, Mechanical Properties and Performance

Andrzej M. Brandt, Polish Academy of Sciences, Warsaw, Poland

Cement Based Composites takes a different approach from most other books in the field by viewing concrete as an advanced composite material, and by considering the properties and behaviour of cement-based materials from this stance. It deals particularly, but not exclusively, with newer forms of cement-based materials. This new edition takes a critical approach to the subject as well as presenting up-to-date knowledge.

Emphasis is given to non-conventional reinforcement and design methods, problems at the materials interfaces and to the durability of the structures constructed. High strength composites and novel forms of cement-based composites are described in detail. After a basic introduction the book explores the various components of these materials and their properties. It then deals with mechanical properties and considers characteristics under various loading and environmental conditions, and concludes by examining design, optimization and economics with particular emphasis on high-performance concretes. Researchers, graduate students and practising engineers will find the book valuable.

* We only guarantee next day delivery for orders received before 12:00 GMT.

P&P is charged as a percentage of your total order value.

**Method of Payment**

- I enclose a cheque made payable to **Taylor & Francis** for £
- Please send me a proforma invoice: Purchase order no. (books are not sent until payment is made in full)
- Please charge my credit card: £

- Visa
- Mastercard
- American Express
- Switch
- Access (Eurocard)
- Diners Club

* (tick as appropriate)

- Card number: _______ _______ _______ _______
- 3 digit Security Number: ___ ___ ___
- Expiry Date: ___ ___ / ___ ___
- Switch Start Date: ___ ___ / ___ ___
- Switch Issue No: ________________

**Signature:**

3. Your Details:

- **Title** __________  **Surname** _______________________________  **First Name** _______________________________
- **Position** _______________________________  **Department** _______________________________
- **Establishment** ___________________________________________________________________________________
- **Address** _______________________________________________________________________________________
- **Town** _______________________________  **County** _______________________________  **Postcode** ________________
- **Country** _______________________________  **Tel** _______________________________  **Fax** _______________________________
- **Signature** ___________________________________________________________________________________
- **Date** __________________________________________________________________________________________

**Email Address** ________________________________________

☐ If you wish to receive promotional emails from Taylor & Francis, with details of new and forthcoming titles, special offers or other relevant marketing material, please supply your email address above and tick this box.

**Send your order by post to:**

- **Stefanie Aschmann**
- **Taylor & Francis, FREEPOST, 2 Park Square, Milton Park, Abingdon, Oxon OX14 4RN**

**Or call:**

- **Customer Hotline for credit card orders on:**
  - **Tel:** +44 (0) 01235 400524
  - **Fax:** +44 (0) 1235 400525
